Advanced Language Learning: The Contribution of Halliday ...

This is the field of language learning. Language learning as seen today is not communicative. It is the result of direct instruction in the rules of language. And it certainly is not an age-appropriate activity for your young learners - as it is not for adults either. In language learning, students have conscious knowledge of the new language ...

Language Acquisition vs Language Learning - Esibase.com

Nearly all of the language learning strategy research to date has been conducted with the intention of helping less successful language learners. However, more successful language learners, including advanced language learners, stand to benefit greatly from language learning strategy research, as well.
