A Theory of Global Governance - Hardcover - Michael Zurn ...

GOVERNANCE AS THEORY The twentieth century witnessed the rise of all kinds of new, and often formal, approaches to social science. These theories led people to see the world differently and then to remake the world. No doubt few people bother to think about social life in terms of the formal models of rational choice.

Governance as Theory, Practice, and Dilemma

The main approach to governance derived from Marxism is, however, regulation theory. Karl Marx argued that capitalism is unstable because it leads to capital overaccumulation and class struggle. Regulation theorists examine the ways in which different varieties of capitalism attempt to manage these instabilities.
