Birds of Southern Africa: Fourth Edition by Ian Sinclair ...

Southern Africa is the southernmost region of the African continent, variably defined by geography or geopolitics, and including several countries. The term southern Africa or Southern Africa, generally includes Angola, Botswana, Eswatini (also known as Swaziland), Lesotho, Malawi, Mozambique, Namibia, South Africa, Zambia, and Zimbabwe, though Angola may be included in Central Africa and ...

Southern Africa - Wikipedia

And for good reason. The gray-headed albatross breeds in grassy tufts set high on the cliffs of remote islands in the seas just north of Antarctica. But the bird's true habitat is the tumultuous air above those seas. In April 1999, scientists fixed tiny locaters to the albatrosses in a cohort breeding on Bird Island, near South Georgia.

Ocean Wanderers: The Ultimate Resource for Pelagic Birding ...

African penguins live in large colonies along the coast of southern Africa, and prefer water temperatures between 40°F and 70°F. They use their own excrement, called guano, to build nests under bushes and rocks.

African Penguin | Seneca Park Zoo

Similarly, in South Africa, inoculation of 14 bird species with a local WNV strain showed two highly competent species, both passerine (Masked Weaver [*Ploceus velatus*] and Red Bishop [*Euplectes orix*], both closely related to House Sparrow) . Our finding that Anseriformes were weakly competent reservoir hosts for WNV is consistent with the ...
