Poor access to leisure can affect the community and social life of disabled people, creating a barrier to independence and their enjoyment of leisure activities . Mencap identify the following ways to improve inclusion in leisure for people with learning disabilities:

Disability and access to leisure | Iriss

Through applying the social model of disability to the leisure constraints framework, the findings and discussion showed that a great deal of what had been considered intrapersonal constraints of the child with disability could be reinterpreted as interpersonal and structural constraints through enabling socially inclusive practices.

“Why Can’t I Play?”: Transdisciplinary Learnings for ...

leisure, inclusion, intellectual disability, recreation, community engagement This paper addresses issues associated with the inclusion of people with intellectual disability in inclusive, community-based recreation and leisure activities. In preparation for writing this paper, a review of recent literature was undertaken.

Inclusive Leisure and Individuals With Intellectual Disability

Inclusion is not a niche issue. Around the world, there are more than a billion people living with disabilities. Approximately one out of every seven people is personally affected. Conditions for making inclusion happen in development cooperation have improved over the past few years. It has also become obvious that projects that promote inclusion serve society as a whole.

The social inclusion of people with disabilities serves ...

Although people with disabilities experience social and physical exclusion from leisure and recreational facilities (Rimmer 2005; Stumbo, Wang, and Pegg 2011), there is evidence that they reallocate time from social and cultural forms of entertainment to passive forms of leisure (Pagán-

Devine's research interests comprise the inclusion of people with disabilities in leisure contexts from a social justice perspective and issues related to healthy active living for people with disabilities.

Diversity and Inclusion in the Recreation Profession ...

The Leisure Buddies service is unique in the current disability sector because it involves matching a carefully screened community volunteer with a person with disability. Through shared interests and regular outings, buddies develop a genuine, informal, organic friendship outside existing relationships with family and paid staff. The Leisure Buddies service supports the person with disability to have a friend, participate in the community and to develop confidence and independence.

Social inclusion is another fluid term with a variety of meanings (Bates, 2002a). For the purposes of this article, social inclusion means ensuring that people with learning disabilities have full and fair access to activities, social roles and relationships directly alongside non-disabled citizens.

Social capital, social inclusion and services for people ...

Article 30 in the CRPD (2 006) identifies the right of disabled people to take part on an equal basis with others in cultural life, and to participate on an equal basis with others in recreational, leisure and sporting activities.

E S S O u t l i n e Disability and access to leisure

Empirical data examining the role of leisure in the lives of a group of young people with cerebral palsy are introduced to contextualise definitions and discourses of leisure and disability. The article demonstrates that, for many young disabled people, the role of leisure in tackling social exclusion remains within the realms of policy rhetoric, rather than everyday reality.
