Historically, Urgent Care (Urgentcare) clinics would treat acute illnesses and injuries that are not serious enough to require a visit to an Emergency Room. Since Covid-19 (Corona Virus) has now become a devastating threat to the health and wellness of millions across the globe, many individuals are now seeking the assistance of Urgent Care centers to diagnose symptoms that may point to Covid-19.

The emergency department is the definitive immediate-need healthcare option. This is the place patients can go for any sort of medical condition, regardless of how severe or benign it may be. Emergency departments are also the most expensive option. An ER visit bill will almost always be in excess of \$1,000 even if all you need is an aspirin.
