Unlike Project Gutenberg, which gives all books equal billing, books on Amazon Cheap Reads are organized by rating to help the cream rise to the surface. However, five stars aren't necessarily a guarantee of quality; many books only have one or two reviews, and some authors are known to rope in friends and family to leave positive feedback.

Flat Head Dodge 6 Engine

The Last Mopar Flat Head Engines The last use of the flat-head engines at Chrysler was in 1954 with the 264.5 cid six; at DeSoto, with the 1954 250.6 cid six. Plymouth and Dodge cars soldiered on until 1959 with the same 230 cid versions. Most Dodge trucks dropped the flathead six after 1960, when it displaced 230 cubic inches.

Flat Head Engines: Plymouth-Dodge-DeSoto-Chrysler Six and ...

The Dodge 230 inline six engine was first introduced for the 1942 model year and was a continuation of the popular Chrysler flathead 6 series that were first produced in 1933. Chrysler then decided to put all auto manufacturing for the public on hold from 1943 to 1945 as it was busy building trucks and other military equipment during World War II.

Dodge, Plymouth 230 Flathead 6 Cylinder Engine Specs ...

Chrysler introduced a straight-four derivative of their new Flathead straight-six in 1926. Initially used by Chrysler, the straight-four was fitted to Plymouth and Dodge light trucks beginning in 1929, lasting in production through 1933. The original version displaced 185.8 cu in (3,044 cc) and produced 38 hp (28 kW).
