Inside the Icom AH-4 Tuner This paper describes the Icom AH-4 wide range antenna tuner. It attempts to compensate for a rather sparse instruction manual by providing information on how to interface the AH-4 with any HF radio. In addition, it also provides recommendations regarding antennas for fixed locations. An overview and

User review of the ICOM AH-4 auto tuner. uses the same wire, but there are four of them at 30' long each. The exciter must be placed in CW mode to tune the AH-4, it tunes at a reduced output automatically. I used my IC-746Pro as the exciter for the AH-4. The antenna port #1 must be used since when the unit is connected to the exciter, the ...
