Miller Engine Replacement Kits - Welding | Repower Specialists
I have a 20 hp onan engine on a 250 Miller welder, the engine cranks up with choke pulled and runs a few seconds and cuts off, this happens over and over, it is like cutting the switch off. I have replaced the fuel pump and filter, I even tried to manually spray gas in the carb but it dies anyway, just like losing fire.

I have a 20 hp onan engine on a 250 Miller welder, the ...
Or a Hobart or Miller welder with a Onan Performer engine with that does not weld or produce electricity but has a good engine. Hobart Champion and Miller Bobcat welders would be perfect but others may work possibly.

Onan- \$86. The Onan front main bearing cost \$50. Those engines usually have two problems, run low on oil or water into the exhaust ports and rusted/locked up. If taken care of those engines are bullet proof. In my opinion, on a Miller Welder they are worth the money to repair. Hardest thing on that engine is getting the timing gear off the crank.
