VW Engine Codes. This list shows all Volkswagen engine codes used around the world from 1947 to the late 2000s. This listing is sorted numerically, then alphabetically. Early Beetle and Transporter engines made before 1965 did not have a letter code, but rather just a consecutive number.

VW Engine Codes - Club VeeDub

Assuming they are both from 1.6l 12mm stud engines the heads are somewhat interchangeable, although there's some documentation to suggest that VW changed alloys when they moved to the turbo head. Probably not worth worrying about, all things being equal, and in any event the head(s) should be carefully checked for warpage, potentially by a ...
